Hi Steve and Chris – Attached is the information on the meeting this week and the participants of the group CDPHE is looking to form. Deb will be participating on the meeting on Thursday.

Also attached is a file Corbin prepared of activities in the area, not including our SF CAG work. Do we have a summary of the SF community involvement? Can you send me the draft CIP? I had a discussion with Jen Opila today regarding documenting our path forward on the CAG and future community involvement using the CIP. Let me know if you think the draft CIP would be helpful to Deb in prep for the Thursday meeting or if we have other information that would show our SF community involvement work.

Thanks
Betsy

Subject: EPA Activities in Industrial Triangle Area

Deb,

As promised, in preparation for this Thursday's (7/2) meeting with CDPHE and others, attached is an initial summary of current and recent EPA activities in the Industrial Triangle area. This is an initial review based on responses received and would need more work to be considered complete. Also, this summary doesn't include the VB/I-70 Superfund site work (which is probably our most substantial and longstanding presence in the area).

Has a decision been made regarding who will attend the meeting on Thursday?

Corbin
